Charity No. 1011133

Pace have been providing life enhancing therapy and learning to physically disabled children for 30 years. Giving our children and young people the skills they need to achieve greater independence.

Our approach enhances their learning improving movement, communication and self-care. We lead the way in delivering innovative, effective, specialist services for these exceptional children.

At Pace we believe in every child's ability to progress, no matter what challenges they face. Our expert therapists and teaching staff never put a cap on potential. We are a ground-breaking charity for local children and we rely heavily on the generosity and support of the community to run our vital services.
