## Understanding Architecture

### Thursday 24<sup>th</sup> September and Friday 25<sup>th</sup> September 2020 via Zoom

The aim of these days is to inform members how to “read” buildings, to understand what we are seeing and what it symbolises, also to provide a brief history of architectural progress from the 18th century to modern times.

We are very fortunate to have Dr Geoffrey Tyack, FSA, FRHistS as our sole speaker. He is a Fellow emeritus of Kellogg College, and President of the Oxfordshire Architectural and Historical Society, He has many publications to his credit and has wide experience talking to groups of all ages.

Two lectures, of approximately 45 minutes each plus another 10 minutes for questions, will now be presented over each of the two consecutive mornings.
